Other Plastics

There are no known recycling facilities in the area that accepts plastics other than those coded a #1 or #2.

Plastic bottles and containers produced or distributed in Texas after July 1, 1991 must contain one of 7 identifying symbols molded into or imprinted on the bottom or near the bottom of the bottle or container. Between 70-85% of plastic bottles are #1 (PETE) or #2 (HDPE). Carbonated beverage bottles and water bottles are most common to Plastic #1. Plastic #2 (HDPE) is used in containers for milk, juice, and other liquids such as laundry detergent. Only Plastic #1 and #2 (clear or translucent containers) are accepted by any local recycling facilities in the area.
